Founder, The Informal Academy (TIA) | AI & Cognition | Theoretically
Applied Teaching (TAT) | AWS Academy Educator
Sopore, Jammu & Kashmir, India

Summary

I work at the intersection of artificial intelligence, cognition, and learning systems, with a focus on how people think, learn, and build understanding. I am the founder of The Informal Academy (TIA)—an alternative learning and research space built around first principles, curiosity, and real-world problem solving. The aim is simple: move beyond rigid curricula and cultivate depth, clarity, and independent thinking. My approach is grounded in Theoretically Applied Teaching (TAT)—a framework that connects conceptual foundations with practical relevance. Instead of separating theory and application, it treats them as a continuous loop. My work spans: AI and machine learning (with emphasis on NLP and cognitive modeling) learning system design and pedagogy applied research and experimental problem solving Through teaching, mentorship, and research, I focus on building learners who are: curious and self-driven capable of first-principles thinking collaborative and intellectually independent I am also an AWS Academy Educator and a Wipro Certified Faculty, with experience in delivering structured learning alongside informal, exploratory models.

Experience

National Institute of Agricultural Extension Management (MANAGE)
MANAGE Fellow
March 2026 - Present (3 months)

The Informal Academy

Founder
January 2017 - Present (9 years 5 months)
Greater Srinagar Area

The Informal Tutor (TIT) | Theoretically Applied Teaching (TAT)

Building an alternative learning space centered on first principles, real-world context, and intellectual curiosity.

My approach—Theoretically Applied Teaching (TAT)—bridges conceptual depth with practical relevance, making learning both rigorous and usable.

I focus on designing learning experiences that are:

grounded in real-world context
experiential and project-driven
personalized and adaptive

while cultivating learners who are:

collaborative and socially engaged
curious, creative, and independent thinkers

Islamic University of Science & Technology, Pulwama
Assistant Professor (On Contract)
September 2025 - December 2025 (4 months)
Awantipur, Jammu & Kashmir, India

Chinar Quantum AI
AI Researcher
March 2025 - June 2025 (4 months)
Srinagar, Jammu & Kashmir, India

University of Kashmir
Doctoral Student
February 2020 - January 2025 (5 years)

FruitPunch AI
Contributor
June 2023 - July 2023 (2 months)
Part of the data enrichment team, focussed on curating optimal feature set to be used for supervised classification.

Islamic University of Science & Technology
Research Assistant
July 2019 - January 2020 (7 months)
Awantipora

Education

University of Kashmir

Master of Technology (MTech), Computer Science and Engineering
(CSE) · (2016 - 2018)

University of Kashmir

Bachelors of Technology; B.Tech, Computer Science and Engineering;
CSE · (2010 - 2014)

Government Degree College, Sopore

Bachelor of Arts - BA, Psychology · (2009 - 2009)

Iqbal memorial Institute, Bemina Srinagar

Intermediate, Science · (January 2006 - January 2008)

Model Public School

High School, Science · (1993 - 2005)
